One hundred and forty people were served the delicious dinner prepared by Ruth Clark and her able assistants. Entertainment was provided by fifteen voices of the Clifton Music Club Chorale. Their program consisted of songs with historic background, including sea chantys, folk tunes, camp meeting songs and patriotic airs.

At the April meeting, Nolan Carson, of the Hamilton County Park District (and club member) described the Park District properties and gave many interesting facts concerning them. Pictures of park areas and some of their natural inhabitants were shown, with comment by Warren Wells, Park Naturalist.

Mr. and Mrs. John Ruthven gave an excellent verbal and pictorial account of the restoration and refurbishing of the Georgetown (Ohio) business district, at the May meeting. They showed what a dedicated and determined group can do.

The Savannah (Ga.) tour, besides being very enjoyable, was widely noted due to the fact that person or persons unknown "borrowed" the tour bus for an overnight shindig while the group was in Savannah. No harm was done to the vehicle and the tourist's itinerary was not interrupted.
