SOCIETY MEETINGS

MAY - This meeting, as previously announced, had no formal program, but was devoted to general discussion of Society affairs. The principal topic concerned the possible acquisition of additional property, which has been mentioned, in some degree, to the membership. Mrs. Frame, with assistance by other members of the Cabin Committee, and using a large "illustrated" map, very graphically pointed out various uses to which the adjoining land could be put and the potential effect on our present site. After discussion, participated in by numerous members, of cost, finance, feasibility and desirability it was agreed, unanimously, that the Cabin Committee should proceed with negotiations toward the procurement of the property referred to.

JUNE - Some 60 members assembled, with "lunch pails", at Moundview Park, on Newtown Road, for the picnic meeting and enjoyed a very pleasant evening. The business session, under the direction of Vice President Don Bogosian, was efficiently and quickly concluded, after which Al Wettstein officiated at a "silent auction" of baked goods.

SOCIETY NEWS

REGRETFULLY - We inform you that our President, James Magrish, has been the victim of a heart attack. He is in Jewish Hospital at this writing. We know that everyone hopes and prays for his recovery and return to good health.

OFF THE PRESS - A book dealing with Civil War history, "Battery I, First Ohio Volunteer Artillery, 1861-1865", by Roland Lowery. An account of an artillery unit, recruited in Cincinnati, that served with distinction throughout the war.

BUSSING - Two bus loads of AHS people descended on German Village in Columbus, Ohio on June 3. They enjoyed "Schnitzel und Brau", dining outdoors at a German restaurant, then partook in a guided tour of the historic area. All this most ably arranged by Nancy Kollin.

TSK, TSK - We are informed by Treasurer Ralph Whitehead that some of our good folk have slipped up and forgotten to pay their 1972 dues. An Shucks - this couldn't be you - could it?

LOG HOUSE NEWS

PROGRESS - If you haven't seen or been around your Log House lately, you should! - the new fence is up, the new plantings are doing fine, we think it really looks good. But there are still things to be done - we do need help from time to time.

VISITED - Our "open house" as a stop on the June 6 Garden Club Tour was not as well attended as we had hoped, but the 160 people who did stop in seemed to enjoy their visit.

SPRING PLANT SALE - On the last three weekends in May, under the guidance of Harold Wiley - together with the home made bread dept. on the first day, ably operated by Marge Frame, Helen Maddux and assistants - contributed substantially to the "Cabin Fund". The Nostalgia Exhibit, assembled by Jim Hutton and Co., for the middle weekend of the sale, brought forth such exclamations as, "Gee, I had forgotten all about those" - "I used to play with one of them" - "Gosh, I am getting old". Harold extends thanks to all those who pitched in.

DYED - The wool dyeing classes, held at the House - instructed by Hazel Keethler, have been fun as well as being "colorful" and educational, we are told. Some of the class members exhibited their skill in the kitchen on the day of the Garden Club tour.

THE FUTURE - as of July 29, the date of our Mini-Flea Market at the House, from 10:00 AM to 6:00 PM.

How you can participate:

- (1) If you have a specialty or a variety of things you want to sell, you can rent space, for \$2.50, for your own table -
- (2) If you have an item, or items, that you would like for us to offer for sale for you, we will do so for a commission of 20% -
- (3) If you have usable, saleable items (no clothing, please) that want to give us for sale in our area, let us know, or bring them to the "Cabin" on Thursday (27th) or Friday (28th).

LOOKING BACK

SUN RUN BUSES! - Ha! Some of us remember the days of the "Fun Run" operated by the Mt. Washington Transportation Co., whose sturdy (?) Faegol vehicles would start to growl and steam on the Beechmont hill and riders would be asked to get out and walk part of the way up the steepest part of the grade.
