MEETING NOTES

MAY - Although there was no formal program for this meeting attendance was good. The committee reports on planned activities for the summer indicated a full and varied program for club meetings and Log House events.

JUNE - Ohio's participation in the nation's 200th birthday celebration was outlined by our guest speaker, Mr. Thomas Crouch of the Ohio American Revolution Bicentennial Commission. Among other things, the state plans a number of traveling exhibits, and will advise and assist local communities and civic groups planning for the event. Included in the business of the meeting was the presentation, and approval of the club, of the Financial Committee's proposed budget for the coming year.

JULY - A heavy afternoon thunderstorm failed to wash out the picnic at the House on the 4th. 57 hardy souls gathered for supper and HOME MADE ICE CREAM (with seconds yet), thanks to Joel Kollin and his hand crank crew. Following the gastronomical exercises, Roland Lowery offered a program concerning the "picnic" fare of the Civil War soldier, then gave several of those present the opportunity to shoot a Civil War musket.

AUGUST - (1st), Buoys and gulls, this is the time for our Ohio River cruise under the direction of "Commodore" (and sing-along director) C. B. Ayer. So, pack your panniers and lay a course for New Richmond!!

RESERVATIONS ARE REQUIRED, because of space limits. Call Nancy Kollin, 232-1509.

SEPTEMBER - (5th), A representative from "Cincinnati Experience" will discuss the various activities in which the group is involved. This should be interesting and informative.

OCTOBER - (3rd), The Cincinnati Automobile Club will present a speaker and by film will take us on "The Queen City Tour".
