LOG HOUSE HAPPENINGS *** *****

EXPANSION - We now OWN the fine brick house next door to our "Cabin"! And last week, you may have noticed, a new parking area was opened in time for use at the Open House and will be completed for use by Country Store time. However, during the two days of the sale we must still be conservative of space by car-pooling and parking carefully, so as to leave as much space as possible for our customers. The lot will be adequate for most other occasions and will provide safe access to the Cabin.

OPEN HOUSE - In Grandmother's Day exhibit was a most successful event. Our register included visitors from Florida, Indiana, Illinois, Kentucky, Maine, Michigan, New Jersey and South Dakota! (We were a little disappointed because more of our members did not drop in for a visit) Our thanks to Velma and Calvin Aicholz for their generosity in supplying us with produce to sell; to Ardelle Ertel, Myrtle Dietrich and Rose Cummins, who loaned many interesting items for display; to the Lowerys and Keethlers, who manned the vegetable stand. There was some addition to the treasury.

ALSO - The July, Members Personal Collections II, exhibit was one that offered much of interest to the many viewers. The Howje glass (Howard and Jean Meyer) and Steve Smalley's photos of Anderson Township, railroads and steamboats were beautiful and fascinating. Ruth Clark and Marge Frame made fresh apple pies to sell, too. Thanks to all for an especially well received exhibit.

PLEASE - If you are planning the purchase of a new refrigerator and want to dispose of the old (usable) one call Marge Frame.
